My motto: "If more people believed in justice, equality would be reality," will guide my service when elected to the US House of Representative, Congressional District 2.

The following issues will focus my efforts for the people of Hawaii:

Respect for the Military: Veterans of WWII, the Korean Conflict, and the War in Vietnam deserve the benefits of House Bill 997, one of Patsy Mink's legacies. HB997 enactment will redress the violations of False Advertising by the US Government that resulted in a compound 10% annual penalty added to Medicare Part B payments for these veterans.

Respect for Life: As the drums for war continue to increase their speed, caution is needed to ensure that prior to sending in the troops, monetary reserves are set aside to address the injuries and deaths resulting from such action.

Liberty and Justice for All: Equality in the Patsy Mink Act, formerly Title IX, needs to be continued and safeguarded to prevent erosion of equality.

My nomination is not tainted with echoes of the 'good ole boys club.' I am not a professional politician but I am a citizen with the determination to work for the good of the state of Hawaii and the entire nation.

I promise to utilize common sense with a vengeance; justice with honor and service to my state and country as my goal and mission when elected to US House of Representative, Congressional District 2. I ask for your vote and your support. Mahalo.
